'Snapshot' for overview and analysis

Get an overview of you search set. Near instant breakdown of assignees, classes, countries and dates of publications. Click "Snapshot" at the top of the search results page.

The graphical images within the Snapshot view are interchangeable and interactive. By clicking on areas of interest within the graphical image itself it is possible to 'drill down' and get a further statistical break down of results.

Then save your results as PDF or Excel formats for further analyses or for presentations.
